THE EXPERIENCE

From wooden stamp to canvas tote.

Guests choose a design, print it by hand and collect a tote they can use again.

AT THE STAMPING STATION

Choose and stamp

CHOOSE A DESIGN

Pick from traditional wooden stamps and build a pattern that feels like you.

MAKE YOUR PRINT

Press and repeat the stamp on a mounted canvas tote with help from our facilitators.

A PERSONAL KEEPSAKE

Dry and collect

WE DRY THE PRINT

Our team uses a heat tool and keeps the station ready for the next guest.

TAKE HOME

A hand-stamped canvas tote, approximately 40 × 35 cm, and a washing and care card.

Activity time is approximately 2-5 minutes per guest. Queue time depends on the number of stations and when guests arrive.

Make it yours.

Choose from the stamps at the booth or ask about adding your event identity.

Wooden stamps

Guests choose from available patterns and combine them to create a design.

Tote branding

Ask about pre-stamped logos. Artwork approval, stamp production, fees and timing are confirmed in your quote.

Materials and setup

We supply the totes, stamps, paints and mounted boards, and help guests during the activity.

Book ahead

We recommend 6-8 weeks, especially for branded totes and larger groups.

PRICING AND PLANNING

Let’s plan your event.

Rates apply incrementally to the participants in each tier.
